DID WE MENTION...

## customer satisfaction

Of all the services offered by Dennis Printing Service the one you will find most satisfying is the superior level of customer service we provide our clients. Dennis Printing Service completes each and every project with professional knowledge, attention to detail and exceptional print.

### A Single Source for all Your Printing Needs

By offering you a single-source, print management solution for all your print and graphics needs, DPS saves you time, effort and money from beginning to end. The members of our sales, customer service and design team are all career printing professionals, each with over ten years of comprehensive industry experience.

### The Right Press, for the Best Price

You'll benefit from our matching each printing project with the most appropriate, efficient and up-to-date equipment and technologies. We work directly with our qualified wholesale printing manufacturers to ensure the highest quality at the most competitive price levels.

### No Job is too Small, Fast, or Complex

From a small letterhead and envelope project, to a full color, web printed catalog, we are equipped to handle your order from its inception to the final delivered product. DPS will work with you to satisfy even the tightest of schedules. While our clients consist of some of the areas largest companies and institutions, we also count many smaller, local businesses and design firms among our satisfied customers.

#### What Our Customers Say...

*"It is a pleasure to work with a printer that you can count on. A ten year relationship still going strong"*

– L. Harrison  
Allegro Coffee Company  
Thornton, Colorado

*"Dennis Printing Service has helped our supply chain become more efficient and greatly lowered our costs. They continue to meet our quality expectations and have an outstanding on-time delivery record."*

– R. Briggs, Buyer  
Hewlett Packard  
Fort Collins, Colorado

*"It seems on each project, Dennis Printing Service brings a new idea, design or cost savings to the table. We continue to rely on their expertise."*

– E. Gordon  
University of Colorado Alumni Foundation  
Boulder, Colorado

#### Electronic Prepress and Press Room

We utilize the latest in digital scanning, file creation, proofing and imposition software programs and equipment. When your print files reach the pressroom each aspect of the job has been analyzed to produce the results you deserve. Stochastic screening and direct-to-plate technologies, combined with state of the art presses and calibration procedures, result in sharper color and cleaner images – first sheet to last.

#### Direct Image Printing, Variable Data

For low quantity or variable data projects, digital imaging offers complete black and white and full color solutions. On-demand digital printing of manuals and personalized communications are accomplished efficiently with crisp, clean results direct from the application file. Dennis Printing Service can archive your electronic file information for 'just in time' production – keeping your inventories low. Finishing services include specialty binding, tabbing and laminating.

#### Direct Mail

We complete mailing projects with ease and accuracy. Standard capabilities include mail merge, ink jet, fold, insert, label and meter – on schedule, at competitive costs.

#### Warehouse and Fulfillment

For our clients in need of our warehouse services, programs can be tailored to specific needs. Monitor your inventory on-line and place real time inventory shipment orders, direct from our warehouses to your drop ship location. Fulfillment capabilities include media replication, kiting and packaging.

#### Web Based Technologies

We have developed an excellent on-line presence where our customers can request quotes, place orders, view on-line proofs, check job status and order history.
